

# The ideal complement for your children's health, HELPS TEAS for KIDS.

As parents we face constantly the problem of kids refusing to take medicines or certain foods, this won't happen with Helps Teas for Kids, an ideal alternative to keep your kids hydrated naturally, without resorting to soft and sugary drinks. Try them, hot or cold and share with them while enjoying its pleasant taste.

**HELPS KIDS TEAS** is a line especially intended for infant's palate, giving a pleasant taste our little ones enjoy and at the same time helps them alleviate most usual discomforts. A line of organic teas with no additives, created in harmony with nature.

Combinations, aromas and flavors are exclusively designed to contribute towards the concern we have as parents to give our children healthy and quality food, for that reason Helps Kids Teas was created with the best composition and all the properties of the medicinal plants following EMA requirements (European Medicine Agency). Did you know most kids suffer 6-12 cold per year lasting from one to three weeks?

**HELPS KIDS BREATHE** is a herbal tea formulated with plants that act on the respiratory

tract, improving the airflow, helping to relieve the irritation and easing mucus congestion. Around 45% of kids have problems to fall sleep!

**HELPS KIDS DREAMS** is a relaxing and soothing herbal tea that facilitates falling asleep. The proven safety of its components makes it appropriate for all members of the family, including the little ones. 8% of the kids going to paediatrician is a result of tummy ache!

**HELPS FOR LITTLE TUMMIES** is a herbal tea that combines the plants most traditionally used for relieving gastric discomfort: camomile, anise and lemon balm. Diarrhoea and vomiting may cause dehydration in your child in less than 24 hours.

**HELPS REHYDRATION DIETS** is an appropriate herbal tea for complementing astringent and rehydration diets aiming to recover the necessary body fluids in cases of diarrhoea.
